# Sanko Electronics Asia Co.,Ltd.

**Sanko Electronics Asia Co., Ltd.** as approved by the Board of Investment (BOI) of Thailand, we operate as an International Business Center (IBC). Our company mission is to oversee the global business of Sanko Electronics Group and provide support services as a principal goal.

## Our Service

### Procurement

Providing sources finding services of products procurement by collecting and organizing information to compare and summarize for affiliates

### Marketing Plan

Preparing marketing plans and setting public relations guidelines to build sales channels for affiliated companies, such as contributing the exhibitions for industrial products and the company's website, etc.

### Coordinating

Representing as a coordinator, visiting the customers for sales or collecting information from customers such as encountered problems, satisfaction and suggestions from customers, etc., to evaluate and develop marketing and sales plans of affiliated companies.

SET

SEKH

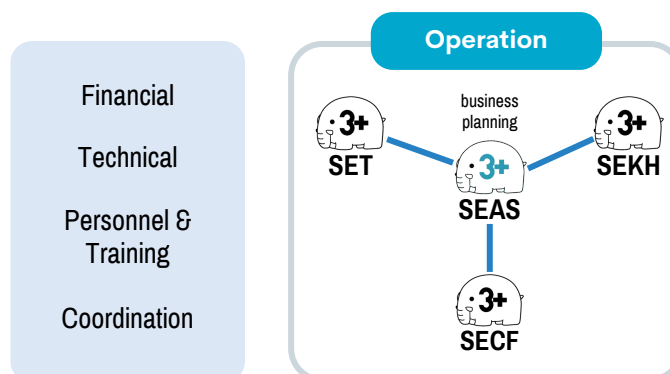

SECF

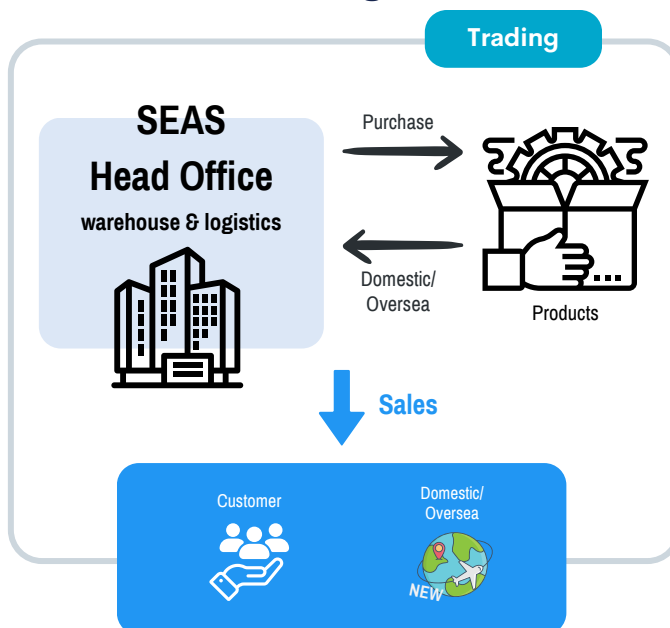

As an international trading business company, our main business is regarding procurement and sales of electric and electronic parts. Furthermore, we are actively developing marketing channels for mounting parts on wire harnesses and printed circuit boards manufactured by our affiliated companies.

We desire to continue connecting scattered people and things across the world with our "Connecting Technology".
